DOMESTIC MATTERS.

To DELINQUENTS.—We have been, for some time, gradually arriving at the opinion, that it is about time to have a settlement with our delinquent subscribers. The thing seems to be becoming more and more inevitable. The condition of our exchequer imperatively demands it; on the ground of right it is demanded; on the score of self respect and morality it is absolutely indispensable. We have been sending the *Telegraph* to not a few, some in the county but more out, with whom we have no acquaintance, in the exercise of that confidence in the latent honesty of human nature, which we all like to believe will sooner or later, assert its way over its cupidity and selfishness, trusting that our claims would be recognized and honestly met, but we have been disappointed. To some of those who have written and enclosed bills, but they have audaciously avoided any response. We now make a last appeal to those who have not wholly gone over to reprobation, to settle with us before the close of the year. At that time we shall pay off all subscribers out of the county, who are in any way doubtful, and thence forward send no paper without advance payment.

With our county and village subscribers, it is our earnest desire to have a settlement to the close of the year. Those who have agreed to bring us wood, will oblige us by redeeming their pledges without delay. So with other articles, which are by special agreement to be taken in lieu of money. We want only sound, body wood, for which market cash price only will be allowed. A few barrels of buckwheat and potatoes, (any thing but yellow,) will be taken on subscriptions. We want to make clean work in the way of settlements, closing up all subscriptions to the end of the year, that we may start square with the world on the first of January, 1859.

PREMIUMS FOR 1859.—The low price to which the *Wheeler & Wilson Sewing Machine* has been reduced, at the eagerness with which many—some of whom have become dissatisfied with the cheap thread cheap machines—have sought to obtain them, has induced us to make an offer of one of the new \$50 machines, to any person who will bring us by the first of January, 100 new subscribers to the *Telegraph*, for the year 1859. The cash to accompany the names. Or in case of failure, we will receive half the number, in full payment for a machine, the balance to be made up in cash.

Any person sending us six new subscribers, for one year, with the cash, before the first of January, shall receive the seventh copy gratis, or payment at the same rate in cash, for any number of new subscribers.

If any body is laboring under any doubt as to which is our wood pile, and which is theirs, they may be relieved from that state of uncertainty on application to our *Familia*. As fast as we enlighten one on this subject, the discovery is made that somebody else is in the dark. For the benefit of these benighted souls, and to make a single job of it, we wish distinctly to state, that all the wood lying around loose on the two lots in the rear of our premises, and looking for all the world as if it needed an owner, belongs to this individual, having paid full price for it in *Telegraph* subscriptions, and for saving and splitting, in case. If there is anything left of it, after this everlasting spell of weather is broken, we expect to have it put into a comely pile, so as to avoid all deception in future.

ETNA INSURANCE CO.—We should have alluded last week to this Co., the agent of which has placed his advertisement before our readers. The character of the *Etina* don't require much commendation. We have known it for years as one of the most extensive, best conducted, and most reliable companies in the country. Always prompt and liberal, and adjusting its losses without trick, litigation, or delay. An acquaintance with it will establish all that we here say of it. O. H. Fitch, is agent.

JAIL BREAKING.—Mallory, the chap who entered a house at Conneaut, a stole sundry articles of clothing, and jewelry, and was awaiting sentence therefor, took French leave on Tuesday evening last, about supper time. The presumption is, that he had outside assistance.

The trial of COLS. at Jefferson, is put down for Tuesday of next week.

POTATO ROT.—Our farmers complain that the progress of decay among potatoes threatens seriously to diminish the stock on hand. The evil continues in the face of all attempts to arrest it.

PROCEEDINGS OF COURT.—The following cases came before the Court during the past week: *J. W. Taylor, vs. Joseph Williams*. This was a suit for slander; the parties, we believe, belong to Jefferson. Defendant got his case and costs.

Orilla Hatch, vs. David Hatch, and Betsy Meacham, vs. Edward Meacham. Petitions for Divorce. Both granted.

Lorenzo Mallory, grand larceny and burglary—pleaded guilty; sentence suspended.

George M. Read, George Curtis, Charles Curtis, Charles Parker, & John W. Kincaid.—Riot; riot postponed till next term. Bail 200 dollars each.

Orrin Baker; Stabbing with intent to kill—put over till next term.

Norman Sprague and Alanson McDaniel; petit larceny, steal a honey. Norman Sprague was convicted of the same offense last term—Sprague 23, and McDaniel 12 days imprisonment.

Charney D. Brown; Forgery—continued till next term.

Alonso O. Rockwell, assault and battery—continued till next term.

State of Ohio, vs. Barilla Giddings, indicted for perjury—the jury after three hours deliberation, returned a verdict of guilty.

Ohio, vs. Norris L. Pierce, petit larceny—jury disagreed.

Alanson Hall, perjury—has not as yet been disposed of.

Hungerford and McCarney, two young men who previously broke jail, and were retaken, were tried on a charge of Larceny and acquitted.

A jury was empaneled on Wednesday, in the case of *Mary Jane Phillips* against Mr. Stevenson—both of Geneva—and the trial is now in progress.

OUR PLANK ROAD.—The common verdict of the people is, we believe, that our plank road, especially that part of it lying within the corporation, is an unmitigated nuisance, from which there can be no relief until the company are indicted. Remarkable as the statement may seem, it is one that is often heard, that there is no piece of road, of equal extent, within ten miles of the village so intolerable as that running through our village.

S. N. RICHMOND, of Geneva, is an authorized agent for receiving subscriptions, and transacting business for the *Telegraph*. Mr. R. is also receiving subscriptions for the *American Agriculturist* and the *N. Y. Independent*.—There is no better Agricultural Journal than the *Agriculturist*, and the *Independent* is indispensable in every well-regulated household. He is also agent for several of the best magazines. He also deals in Books and Stationery, and the ladies may get of him their supplies of that really valuable and economical article—the Editor's wife considers it—*Van Dusen's* celebrated Chemical Bleaching. As Mr. Richmond is trying, in these hard times, to turn an honest penny, and is withal a very worthy man, we bespeak for him the favor of those among whom he may chance to itinerate, especially when that favor shall be directed towards the *Telegraph*.

BUSINESS CHANGE.—We are requested to make the announcement this week, prior to a regular advertisement next, that the drug business of S. P. JOHNSON, has by purchase, passed into the hands of A. H. STOCKWELL, who will forthwith replenish the stock, and add a new branch of trade to the establishment, that of paper, in all its various descriptions, and such articles of stationery as comes within this line. His stock of papers will be extensive, and sold at prices below what it has ever been in this place. The establishment will be put on a footing to fairly compete with the most favored concerns, and entitle it to a share of public patronage. Those who have had to do with Mr. S., need not be told that there is a no more honest and agreeable man to deal with.

FARMERS' CLUB CORRECTIONS.—At a meeting of the Farmers' Club, the following premiums were voted:
Mr. HEATH diploma, for field tobacco;
Mr. FULLER, one dollar for brockle steer;
G. G. STAYLOR, diploma, for pencil drawing;
P. E. HALL, diploma, for rifle;
Mrs. JONATHAN ALLEN, 50c, for dried peaches;
Mrs. JONATHAN STANTON, 50c, for cotton house;
THOMAS A. SMITH, secretary.
Ashtabula, Nov. 12th, 1858.

We acknowledge the receipt from J. H. KILPATRICK, Corresponding Secretary of Ohio State Board of Agriculture, the Report of the Board for 1857.

COMPOSITIONAL ART JOURNAL.—The December quarterly No. of this very interesting and attractive work has been received. This No. is highly embellished with some very exquisite engravings. It is well worthy of notice. \$2 a year. H. FARRIST, agent.

We refer our readers to Advertisement of Novelty Sewing Machine Company.

MR. WADSWORTH will be here on the 17th. See his advertisements.

Hon. J. R. GIBBONS lectured before the students of Hillsdale College, Mich., on the 3d inst. His subject was, "The Trial of John Quincy Adams."

BURNED TO DEATH.—The only son of A. M. Stiles, was burned so severely about eight o'clock on Thursday last, that he died in less than twenty-four hours after receiving the injury. The boy was only five years of age, and was left at home with his two sisters, one seven years old and one younger than himself. The little boy lay down upon a table in the room on which stood a candle, and went to sleep, he was restless, and getting his light clothing into the candle, he fell from the table to the floor in his fright. His arms, shoulders, and back down to his thighs, were burned to a crisp, though his face, legs and stomach were not reached by the fire—*Ravenna Democrat*.

The red petticoat is to be the style this winter. The fashion, however, is not red with black strip, which have become so common, but fine drab with variegated stripes, or rich black with crimson stripes, the upper part being black. A nice little contrivance for looping up the dress over the Belmont imported, and giving my lady's page. It is composed of elastic silk cord, with a jet hook, and admirably serves its purpose, relieving the wearer from all the necessities of adjusting her skirts, or securing them from contact with the dirt and debris of the street.

A WEDDING PARTY BUT NO WEDDING.—The *Indianapolis Journal* relates how a heartless desertion of an expectant bride took place in that city on Thursday evening. The supper was prepared, the guests came, the lady—a widow—was waiting in her bridal attire, but the expected bridegroom came not. It was afterwards ascertained that he went that very afternoon to Hartford, Ind., to marry another lady.

RECATONING OF SPIRITUALISM.—The N. Y. Tribune says:
Dr. Randolph, a celebrated Spiritualist, has openly recanted. In a lecture at Utica, on Sunday last, he stated it as his candid opinion, founded upon an experience of nine years as a medium, that Spiritualism was one-third imposture, one-third insanity, one-third diabolism. Mr. Randolph declares that insanity is the usual fate of trances mediums. He has received and accepted a call to the Christian ministry.

When a house is infested by rats which refuse to budge at poisoned cheese and the usual baits, a few drops of highly scented oil of rhodium poured on the bottom of a cage-trap, will almost invariably attract it full of the "mischief" and trouble before morning. We have known this to be tried with most extraordinary success. When a traitor baited with all manner of edibles had failed to attract a single rat, the oil of rhodium caused it to be completely crowded out after night, until the house was cleared of the noisome vermin.

DR. TERRELL will be at the Ashtabula House, Thursday, Nov. 18th, to cure everybody that is sick. Call and see him.
